## Friends of the Southern Lehigh Public Library

*A friend of the Southern Lehigh Public Library (FSLPL) is an auxiliary group with the purpose of supplementing library services. FSLPL provides support services for which tax money is not available. Revenues from FSLPL, dues and fund raising activities are all used to support the library. Our aim is to create community awareness of the library as a cultural and educational center. Membership is open to all individuals and businesses interested in promoting the services, facilities, and needs of the library.*
